## Simple Country Living.

A man may enjoy bounding health and know very little about the cause of his happiness, and, alas, a man may suffer all the woes of dyspepsia and have no certain knowledge as to the cause of his misery.

"I'm a confirmed dyspeptic. That's the reason I look so old," said Mr. Colander, grating almost enviously at the red bronze face of his former chum at college, who had dropped down from the country into Mr. Colander's city office.

"What you need is simple country food, man," said his old friend, clapping him heartily on the shoulder. "Come and visit my wife and me on the farm for awhile, and we'll set you up. It's rich city living that's too much for you. Now, take breakfast, for instance. All I have is two good cups of coffee, a couple of fresh doughnuts, a bit of steak with a baked potato, some fresh biscuit or muffins and either griddle cakes or a piece of pie to top off with. What do you have?"

The city man looked at his red checked friend, who stood waiting for the confirmation of his idea.

"A cup of hot water and two slices of dry toast," he responded soberly. "But if you think a simple diet like yours would help me I will make one more attempt to be a healthy man."—YOUTH'S COMPANION.
